# OUR PASSION SHAPES ELEGANCE

Since 1982 Motor Accident Group has endeavored to refine and perfect every aspect of the collision repair process.

Our OEM approved repair methods, advanced repair technology and qualified staff ensure that M.A.G. remains the service provider of choice.

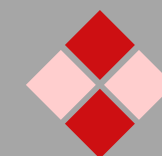

For Over 40 years, Motor Accident Group has refined and perfected each and every aspect of the vehicle and truck panelbeating repair process including state of the art aluminium and electric cars.

From humble beginnings in downtown Johannesburg and with the dedication of our exceptional staff, Motor Accident Group has established branches in Oakdene, Edenvale, Pretoria and of course, our head office in Selby

With the backing of major motor manufacturers, we continue to provide our loyal clients with the same service and dedication we have been known for all these years including many more to come.

In this age of fast paced technology, Motor Accident Group continues to enhance the panelbeating industry adhering to and employing the latest methods from around the world.
